Stem Cell Recruitment™(SCR), Stem Cell Recruitment Therapy™(SCRT) are trademarks of Russell Health, Inc. The treatments described on this marketing are not considered to be standard of care for any condition or disease. SCR and SCRT attempt to utilize acellular, minimally manipulated tissue allografts and are comprised of tissue allograft components intended for homologous use to supplement tissue. SCRT products are classified by the Food and Drug Administration (FDA) as Human Cell, Tissue and Cellular and Tissue-Based Products (HCT/P) that are regulated solely under section 361 of the Public Health Service (PHS) Act. FDA recognizes that human tissue was designed, or evolved, to perform certain functions in the human body with exquisite safety and effectiveness. As an HCT/P regulated solely under Section 361 of the PHS Act, Russell Health's SCRT products are exempt from FDA pre-market review, clearance, and approval from FDA. Please consult your doctor to see if an amniotic fluid injection is right for you. No medical advice has been offered herein. These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease. Results may vary.
